

Peter Gunn, M.P., the contractor for the work. Mr. Gunn returned to the city this morning from the Steeplechase at Epsom, Surrey, England.

In conversation with the Capital this morning he declared that the graining of the horses was a very simple operation on the line which is known to the city of Edmonton with the fertile fields of the Province of Ontario. He said that he had seen 200 teams at work on the branch, and that the work was being carried ahead more rapidly than he had anticipated.

The graining of the horses was the first operation of the line commenced. "The graining which the contractors, Mr. Gunn and his men, are now doing," are the horses that have been in Western Canada.

The main trail, and must be driven through a strip of exceedingly beautiful country.

Mr. Gunn said that he expected to see thirty-two miles of the graine completed by the end of the week. The steed along the main line would be the first to be grained at Entwistle about the end of September.

FIREBROOK RUNS AMUCK

News, N.Y., Aug. 25.—The fire bug has been running amuck in Firebrook, Pa., for the past ten days tonight made good his reputation.

The fire was extinguished when part of fence and shed were consumed.

THE BEST WORK IN THE SEAR

Chiffon for Blouses Is Now Very Popular—Peasant Sleeves to Be Discarded—Willow Plumes Have Had Their Day—Craze for Stenciling

New York, Aug. 25.—The summer season has passed its climax and, although it is still warm and the lightest summer togetherness are still to be seen, the thoughts of women begin to turn toward autumn and the surprises in fashions which it may bring. The regular fall fashions will not be divulged until later, when the leading houses have their autumn openings, but the late summer models are full of hints and things to come and new materials and trimmings are already displayed in the wholesale houses and even in some of the most progressive retail shops. Only a few of these new things, however, are allowed to reach the counters. The others are guarded from the public eye until the actual opening of the fall season and new importations are coming in daily.

If one may judge by the imported stuffs up to date the the most important materials are to be much in evidence both in silks and woolsens. One of the most important effects in all weights from soft, heavy, reversible cloths for motor or polo coats to the lightest of serges and the simplest of satins. Just how these materials will use remains to be seen, though in the meantime the cover-all coats the riddle is easy to read, for already stunning coats fashioned from the double fabric cloths are on view, and for that matter models of these materials were launched last spring.

Soft neutral tones often have reverse sides in brilliant color and the bright green or blue or coral or orange shades in collars, cuffs, etc. Smart coats are made up in one-tone plain cloth or similar material backed with white, a huge white collar being chic and becoming if not as serviceable as one of a darker hue. Checked effects, which were much used for the reverse side of plain tone woolsens, in some cases the whole coat is really reversible.

Heavier Coats. What has been said of the heavier coat materials applies as well to the lighter weight double fabric cloths designed for suit purposes. The color combinations in these double-fabric materials are extremely varied and often strong of contrast.

Just what the autumn season will have to offer in colors cannot be stated now. It hardly seems possible that there are variations still to be run upon the primal lines, but there may be slightly different nuances of well known lines and when the season is well along one or two shades of blue, of course, become enormously popular. The yellows and the various tones of beige, champagne, sand, etc., have been gradually claiming a place high on the color list this summer, and a correspondent well informed on the subject writes that at least two of the famous Paris dressmakers are taking up these colors with enthusiasm for fall uses.

Taffetas on the Wane. Just what will be done with the taffetas which have come into vogue during the summer no one seems to know. The material has not run its course, has not even reached the highest point of its popularity. It will undoubtedly be much worn throughout the fall, but whether it will continue in vogue during the winter is a question impossible to answer at the present time.

The use of chiffon for blouses has increased tremendously since last year. Women have learned how graceful and becoming the chiffon blouse is and how easily such a blouse may be slipped over different slips to make pleasing changes with the one coat and skirt costume. This year some of the chiffon blouses are used over foundations of metallic brocade, which is wonderfully soft and supple. The glistening brocade of the lining is so rich in itself that such blouses need no further trimming than a line of silk or dull silver cord around the neck opening and at the edge of the sleeves. Sometimes a double row of tiny metal buttons is set down the front.

Stenciling Blouse. The craze for stenciling has now invaded the realm of dress, and it is impossible to foresee where it will end. Many of the new chiffon and thin silk waists for fall show stencilled patterns which are outlined with beads in very effective style. This trimming is really very charming and, of course, much more quickly applied than the same amount of embroidery would be.

In new embroideries in fall waists very pretty effects have been achieved by working big, conventional flowers with silk floss and filling in the centers with colored chiffon or dyed lace. Most of the chiffon and silk blouses have shallow lace yokes set in the rounded or V-shaped décolletage and more and more high, boned stock collars are noted at the top of these yokes. Dutch necks will doubtless be worn in the house, but with the trim, good looking autumn street suit, a high collar around the throat is by far the smarter choice.

Peasant Sleeve. There is a growing tendency to discard the peasant sleeve with its clinging shoulder line for a close-fitting sleeve set into an arm's eye, and many of the new sleeves fall toward the latter edge. Long shoulder lines, however, will undoubtedly continue for some time to come and some waists show shoulders extending several inches down over the arms, with the sleeve set in between shoulder and elbow in quaint, old-fashioned style. Many of the French blouses of lingerie material have long sleeves edged with pleated frills which fall over the hand, a picturesque, but rather odd fashion which never finds enthusiastic favor with women who have some kind of work to do.

For frock about wear with morning tailored suits the silk blouses with mannish cut and long sleeves are immensely chic. These blouses are

made of washable silk and mercerized ponce fabric which is very silky and lustrous. They are perfectly plain, with a few tucks in front to lend sufficient fullness over the bust, and manish sleeves finished with turned-back cuffs. The high turnover collar is pinned trimly beneath a four-in-hand tie of silk.

In the early fall days the shops always show flannel shirt waists and attractive flannels by the yard for making up these waists for winter wear, but flannel waists are really too warm in our heated houses and under fur and heavy coats. Also, they are too informal to be really smart with tailored suits.

Women find the fantasies of this season especially charming; they afford the minimum of weight and warmth and yet are correct for all occasions. A woman generally looks well-dressed when wearing a figure-fitting gown trimmed with plain-colored satin, with touches of white or ecru lace. Fashion insistently demands that the collar and jabot shall correspond. If the collar is Irish lace the jabot must not. Cluny, or vice-versa. Whatever is the other must be.

The willow plume seems to have had its day and probably will make its final exit with the summer.

COLUMBUS RACES

Columbus, O., Aug. 25.—The heavy rain of early morning left the track at the driving park in such bad shape that the maiden sweepstakes, with the leaders Jean, Soprano and Halfway there, were postponed until today, and the 2:05 trot was also postponed until today. It was announced that there would be five races in the card for today, but it was raining again here last night, and it may cause another postponement until Saturday. Only two races were left on the card for yesterday. The first was the 2:10 trot, in which George's Viola Strong was made a favorite. The heavy rain did not suit the favorite, and she finished outside the money. Nava Todd won the event in straight heats in time which was necessarily slow. June finally won second place, with Gladstone and Morning Light fourth.

The 2:00 pace found seven side whelers lined up for the world, with Nutmore a strong favorite and Black Joe and Hal Alkin even for second choice. Nutmore had no trouble winning the event in straight heats, but there was a fight for second place, Hal Alkin getting second money, with Red Wilkie third.

NATIONAL STOCK CHASSIS RACES (Union Press Service.) Elgin, Ill., Aug. 25.—The national stock chassis races, the latest event in the way of automobile contests that the west will see this year, began over the Elgin track at 10 o'clock this morning and will conclude tomorrow. The entry list is unusually large and the event is being watched by Chicago Motor club, which is in charge of the events, are pronounced of the most perfect character. The weather conditions for the two days the meet is expected to be one of the most favorable of its kind ever pulled off in America.

STREET PAVING IS INTERFERED WITH

DELAY CAUSED BY HEAVY RAINS, WHICH MADE IT IMPOSSIBLE TO SECURE GRAVEL

High water has been interfering with work with street paving in Edmonton. Practically no progress could be made because of a lack of gravel. The gravel is across the river and high water has interfered with its transportation to this side. There are but two places in the city now where gravel is being quarried. One block on Athabasca is about half completed, the block being situated between Third and Fourth streets, on First street from the track to Church, the situation is about the same. The paving on Jasper east, at Syndicate, has been finished. There is yet to be paved this year a few blocks on Queen's avenue from

TO ADDRESS SUFFRAGE CONVENTION.

(Union Press Service.)
Louisville, Ky., Aug. 25.—The committee in charge of the programme for the convention of the National American Woman Suffrage association to be held here in October announces that among the notable speakers at the convention will be the Rev. Anna Hays and Shaw, of Philadelphia, Mrs. Carolyn Bartlett Crane of Michigan, Mrs. Donald H. Becker, of Baltimore; Miss Mary Johnston, the novelist, and Miss M. Carey Thomas, president of Bryn Mawr College.

CONCRETE WORK IS NEARLY COMPLETED

STEEL ERECTORS WILL COMMENCE WORK ON HIGH LEVEL BRIDGE WITHIN SIXTY DAYS.

With the exception of three or four of the smaller pedestals on the north side of the river bank, the concrete abutment at the brow of the hill on the Strathcona side, all the concrete work in the foundation of the C. P. R. high level bridge which will join the twin cities, furnishing railway, tramway, vehicular and pedestrian facilities, is now complete. One concrete mixer is still to be seen on the brow of the hill, on the Edmonton side. It is being used to prepare material for use in putting the finishing touches on the large abutments. The rest of the machinery that has been operating during the past ten months at the bridge site on the Edmonton side of the river has been loaded on cars to be shipped to where John Gunn & Sons will engage in their next big contract.

Abutments Stripped.
The abutments on the Edmonton bank and the piers in the current of the stream and at the water's edge on both sides have been stripped of their timber casings and stand strong, straight and symmetrical, huge monuments to the consummate skill of the engineers who designed and the contractors who built them. Backfilling around the pier at the water's edge on the north shore has been completed and the place that has been so long active presents somewhat of a deserted appearance and will continue to do so until, two months hence, the erectors of the superstructure commence their work of putting into place the huge steel girders that will support the railway and traffic decks. The erection of the steel will be carried on simultaneously from both banks of the river and from the centre piers.

Another Month's Work.
The concrete workers will be engaged for another month in the construction of the large abutment which will support the earthwork in the south approach to the bridge. This abutment is being liberally reinforced with steel, although little steel reinforcing material has been used anywhere else in the bridge foundations. In the river piers reinforcing steel has been used only in the base of the widening crown which surmounts them and in facing the lee-breakers on the upstream side of their base. The contract for grading the right of way from the present C. P. R. tracks in Strathcona to the brow of the hill at the bridge site has been completed as far as is possible before the south abutment is founded. The earthwork will be built up to the required height in the approach when the concrete work has been built up to support it.

It is not probable that the erection of the steel superstructure will require more than the next 60 days, as one month will be required for the ripening of the concrete after it has all been completed. None of the steel for the superstructure has reached Strathcona as yet.

TAFT TO ATTEND REPUBLICAN CONVENTION.

(Union Press Service.)
Veverly, Mass., Aug. 25.—President Taft has arranged for a trip to Hamilton tomorrow to attend the convention of the Essex club, at which the three candidates for the Republican nomination for governor of Massachusetts will speak, together with several other prominent party leaders. The event will be held at the home of Congressman Gardner.

STRAY TOPICS FROM LITTLE OLD NEW YORK TOWN

Meat Prices Establish New Record for Altitude—Detectives Prove They Are Real "Sleuths"—Police Dogs Materially Assist in Making Arrests

New York, Aug. 25.—Meat prices have gone up and are still continuing their upward movement as if they intended to establish an altitude record. The poor consumers of New York, with the emphasis on the "poor" will have the choice between bankrupting themselves to buy meat and pulling their belts tighter after having stricken meat from their bill of fare. It is alleged that the higher prices of corn "compelled" the meat trust to raise the price of meat, as if the meat trust ever bothered about so trivial a thing as a sufficient reason for its doings. Whatever the primary cause may be or may have been, the fact remains that the trust has given the jack-knives to the retailers, not to be outdone, save the same screw not only but two or three turns. If the packers raise the price one cent a pound, the retailers promptly charge the consumers from two to five cents more per pound. Many people are of the opinion that it is about time to reopen the cold-storage investigation.

Three New York detectives, attached to some of the frisking police stations, distinguished themselves the other day by a clever piece of work, for which they deserve considerable credit. A physician, returning from a confinement case at night, was run down on his way home by a speeding auto and killed. The auto which carried three men at the time, sped on after having run down the physician and was quickly lost in the darkness. With practically no clue for a working basis the three detectives began their investigation and search for the machine and before twenty-four hours had passed they had not only found the machine but arrested every one of the men who had been in the machine that fateful night. What made the achievement of the detectives even more remarkable was the fact that they found the machine and arrested the men in spite of

Real Tailor-Made Suits for Men for Fall

The things you can't see in a Suit of Clothes are very important. Our Suits are made by tailors. Notice how smooth the lapel sets; notice how the collar hugs the neck in the back. And, best of all, they'll stay that way, cause the lining, the interlining, the pressing, the serving, the cutting and the material are absolutely right. EVERY CLOTH IS SHRUNKEN BEFORE IT GOES INTO OUR CLOTHES.

These cost you no more than the ordinary kinds. Already there's a Splendid Fall Assortment. Be particular—buy these particular suits.

SOCKS: Now 3 for \$1.00. Fine quality, fine fancy silk; both are heavier 50c grades.

Men's Shirts, now \$1.25 to \$2.50. Of imported French Prints and English Zebrays; attached cuffs, soft fronts.

MEN'S NECKWEAR Now \$1.75 3 for \$1.00. Silk; worth 50c; Four-in-hands of beautiful silk.

MEN'S FANCY VESTS Now \$3.00, \$2.25 and \$2.50; our best light-colored styles, all good.

SHOWING THE NEW SCRATCH HAT The rough, hairy felt, in many colors in the new Alpina and telescope shape.

What About School Shoes for Children

You can't get them better than At The Bay—better for the price or better for the purpose.

The new Shoes are ready; made for the purpose of box calf, tan and vic kid, the kind that stand the strain of hard usage.

Boys' Sizes, 1 to 5, \$1.95 pair
Youths' Sizes, 11 to 13, \$1.75 pair
Misses' sizes, 11 to 12, \$2.00 pair
Children's sizes, 8 to 10½, \$1.95 pair
Kid's sizes, 5 to 7½, \$1.50 pair

We make a special effort to fit correctly; this prevents corns and other troubles.

"Try The Bay"

READY, TOO, WITH GIRLS' NEW COATS AND DRESSES. GIRLS' WASH DRESSES ARE HALF-PRICE.

disaffection among the residents, who have complained to the board of health that the police dogs disturb their slumbers with their raucous bark. As the residents of Parkville seem to prefer bursters to barking dogs, the police dogs will be transferred to St. Ignace island, where the people do not mind the barking of dogs half so much as the safety of their homes.

JOHNSON WOULD BE SPEAKER.

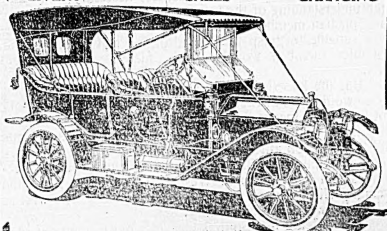

(International News Service)
London, Eng., Aug. 25.—Jack Johnson, the American heavyweight champion, is proving himself a versatile harvester of English currency. He has had a chance to show his prowess in the squared circle so he evolved a new method of lightning British pockets. He has turned lecturer. His first lectures will be held in the ancient town of Edinburgh, Scotland, beginning August 28 and continuing till September 2. The subjects of his dis-

tations it is perhaps needless to say, will be the art of self defense. Johnson's determination to break into the lecture field is not viewed with any degree of favor by his contemporaries in the art of taking the money. In fact erudite Britons look upon the coming lecture tour in the light of a jest.

Those who make light of the black champion's venture are apt to wind up by envying his coin collection, for he not only has an immense following among the class actively interested in fights, but will be helped by that peculiarly British character that counts a black face one of nature's gems of humor.

Real Estate BULLETIN

There is a steady demand for close-in Business Properties. This office alone closed three Jasper avenue sales this week.

It is a well-known fact that through the past summer months there has been a steady movement in East and West end and H. B. R. residential properties. But the increased demand of the past week points to as brisk a movement in these districts as there was in the early spring.

The past few days of this week has recorded sales of Glenwood, West Grove and Alberta Park acreage.

JASPER AVENUE PROPERTIES

A double corner lot in block 12... \$40,000. The cash payment on this is small and the terms cover two years.

A revenue bearing lot in block 12... \$21,000. \$10,000 cash, bal. 1 and 2 years. Let us show you this property; it will make you a large profit in less than six months!

A corner in block 14, Jasper Ave... \$22,000. The cash payment and terms are easy.

One lot in blk. 14... \$17,500. \$6,000 cash, bal. 1 and 2 years. Compare this with other prices in this locality.

RESIDENTIAL

A 12-roomed modern house on 6th St., north of Jasper... \$9500. Terms. This will be track-age property.

A 9-roomed modern house on 6th St., south of Jasper, hot water heating... \$8000.

\$2000 cash, bal. arranged to suit.

A six-roomed modern house on 9th St., south of Jasper, cor. lot... \$11,000. Terms. This is by far the cheapest lot on this street.

A six-roomed modern house on Kirkness Street... \$3000.

\$1000 cash, balance arranged.

A modern 8-roomed solid brick house on 13th St... \$6700.

\$2500 cash, bal. arranged to suit.

VACANT LOTS

3 lots in blk. 10, south of Jasper; terms, each... \$2500.

3 lots in blk. 11, south of Jasper; terms, each... \$2700.

STOCKS

NEWS OF THE CITY

Premier Sifton left the city last evening to speak in the Liberal interest in Vegreville.

Manager A. G. Harrison of the Edmonton Exhibition closed the city last evening for Toronto fair. He will be away from the city for about two weeks' time.

C. B. Foster, general passenger agent for the C. P. R. and R. G. McKellie, district passenger agent at Calgary, are in Edmonton today on business in connection with their departments.

They are guests at the Alberta hotel. Hon. Frank Oliver is expected to speak at a meeting of his supporters in the Exchange building this evening. Lucien Boudreau and other members of the handicapped association are also announced as participants in the proceedings.

FIND MONTREAL GIRL IN TRANCE ON STREET CAR

Physicians Believe that She Will Awaken Naturally in the Course of a Few Days

(Western Associated Press) Montreal, Aug. 25.—The identity of the young girl who was brought to the Royal Victoria hospital from St. Henry's barracks apparently under the influence of a drug at an early hour this morning has been established.

She is Blanche David, 18 years of age, who lives with her parents at 87 Grand avenue. Her mother states she was not drugged, but in a trance and that she has been subject to trances, from which it is impossible to wake her, ever since the middle of January. The trances last from two to three days a week. But after the trance the girl enjoys perfect health. She has been unsuccessfully treated by the principal doctors. At the present she is resting easily in the hospital, to all appearances merely sleeping in an unusually deep sleep. The doctors expect her to awaken in a few days.

PLAN TO IMPOSE A TAX ON ALL UNMARRIED MEN

(International News Service) Paris, Aug. 25.—The town council in Lyons, in a hard time at Lyons, in the majority of the town councilors has its way. At its last sitting a proposition was discussed for imposing a tax on all unmarried men, and the town councilors voted the following resolution by 27 votes to 6:

"The town council resolves to exonerate large families and to seek new resources to make up a sum of \$300,000, the amount of the exonerations, it asks parliament and the government to create a new source of revenue by imposing a tax of 10 per cent. on all unmarried men, and a surtax of 5 per cent. on all house rents exceeding \$500."

CASIOR FARMER HAS HIS THROAT CUT

NEIGHBOR IS ARRESTED, CHARGED WITH CRUEL CRIME—DOBBERY SAID TO BE MOTIVE

(Special to the Capital) Casior, Alta., Aug. 25.—A farmer named F. L. Carlson was brought in by Constable Conway yesterday from Hamilton lake, a place about 40 miles from here, who is charged with killing a neighbor, named Norman Merri. The inquest was held in the afternoon by Dr. Lyson, coroner for the district, and the only evidence brought forward was that of Dr. Hurlbert, who conducted the postmortem.

The evidence shows that the man came to his death by having been struck on the head with a heavy sharp instrument, and the throat was also cut with the same weapon. The inquest was adjourned until Thursday evening at eight o'clock and the preliminary hearing is set for nine o'clock on Friday morning before Justice Browne and Birch.

REGULAR MEETING OF SCHOOL BOARD

BUILDINGS TO BE DISINFECTED BEFORE OPENING—CHANGES IN TEACHING STAFF.

A letter from W. A. Griesbach was read at the meeting of the school board last night asking that the use of the Old High School building on College avenue be granted to the Alberta Druggists as armories and quarters for the building was not required for school purposes it might be given for a year.

A request from the Separate School district for a half interest in the tri-unity office was received. Mr. Minnurray offered \$10,000 for the five lots of block 13. It was decided to call for tenders for the whole lot. George B. O'Connor requested that he be given the use of the Oliver Street school on September 15 for a political meeting. The request was refused. Thos. E. Hughes was appointed manual training instructor in the place of Mr. Webb who resigned. Mr. Hughes will commence his new duties at a salary of \$1,000, which will be advanced at the rate of \$75 per year until \$1,200 is reached.

All the public schools will be thoroughly disinfected before the opening of the season as there may still be some danger of the threatened scarlet fever epidemic still being alive.

A layup authorizing the payment of \$121,000 for July expenses was passed and for the balance of an additional \$75,000 for other expenses. Tenders for certain alterations in the Oliver street school, but it was referred to the building commission.

According to the report of the school management committee the following alterations will be made in the staff: Mr. Stapleton to take the place made vacant by the resignation of Mr. H. H. Hucks. Mr. Hucks will go to the Queens Avenue school, and Mr. McGregor to Oliver from Queens.

BAND CONCERT TONIGHT

The band of the 101st Regiment will give a band concert at the city park tonight providing the weather is favorable.

An excellent program has been arranged as follows:

March—Santa Lucia, Overture—Pavane, Cornet Solo—Loves, Sorrow, Selection—Norma, Waltz—Scotch Melodies, Euthonium Solo—Band Sergeant Ball, The Death of Nelson, Redowa—Loves Golden Dreams, Intermzzo—Little Blue Flower, Waltz—Old Wisconsin, March—Tommy Atkins.

MANY CLAIMS NOW SETTLED

CANADIAN PACIFIC AGENTS SATISFY ORANGEMEN DISCOMFORTED AT WETASKIWIN WRECK

Claims against the Canadian Pacific Railway totalling some thousands of dollars, in connection with the wreck of the Orangermen's train at Wetaskiwin on August 12 have been settled by Claims Agent Wilson during the past few days. Mr. Wilson left the city last evening after settling practically all the claims.

The applications of men who suffered claim for a day's wages, alleging that their delay upon the line had cost them heavily, were also left over. The company are very chary about meeting claims of this character. They aver that if once the principle is recognized that a man has the right to compensation for time lost on the railway through the disorganization of the service, they will be plunged into perpetual expense. During the winter, when the service is frequently discontinued on the prairie sections owing to the heavy snowfall, the railways are under the constant necessity of meeting claims of this kind.

Broken limbs and sprained ankles, lost shoes and spoilt clothes, are among the reasons given for the claims against the C. P. R. In one instance \$15 was given in settlement for the loss of a man's suit, in another \$100 for a broken ankle.

A lady who settled with the company on the train, after being transferred after the accident, will probably prefer another claim. An agent of the company approached her as she was on her way to Edmonton and offered her \$5 as compensation for bodily injuries. The injuries proved much more serious than had been anticipated, and the lady has been seriously ill since her return to the city.

A general meeting of the automobile club will be held in the board of trade rooms on Monday evening at eight o'clock.

Store Opens 8 a. m., Closes at 6 p. m. on Saturday 10 p. m.

We Have Six Departments Daily and Our Phone No. is 1352

Before The School Opens

SCHOOL OPENING—School opens on Monday next, so you have really not very much time left. If you have not yet decided upon your new suit come around to us, and see some of these new styles just received. BOYS' OUTFITTING DEPARTMENT, Main Floor.

Now is the time to buy Boys' Clothing and you cannot do better than come to the Purvis Store to get absolutely the latest styles at the right prices. This week we had delivered all our New Suits, Pants and Overcoats for the Fall and Winter seasons, and we shall make a big display of all these New Goods on Friday and Saturday. When buying our Fall Suits we had the opportunity of securing a few exceptionally good quality clothes, Cheviots, Heather Mixture Tweeds, etc., at much under regular value, and we have these made up into well-tailored, smart garments. Now, having bought these cheap we are enabled to sell them at a much lower figure than it is possible to buy elsewhere. Below are enumerated a few of the specials that will be on show Friday and Saturday.

Boys' Suits

BOYS' TWEED BLOOMER SUITS for boys ages 6 to 12. These suits come in dark grey winter tweed, double breasted and lined throughout, and sell at the remarkably low figure of, per suit, complete... 3.75

Warning of Advance in Prices

Our Lots Are Too Cheap.

Every time we drive a load of customers to

G.T.P. Addition

It is as evident to them as it is to us that our prices are away below their real value.

Compare its location near what will soon be the largest pay roll centre of the city, the fine, high, dry site—the large lots and the exceptionally easy terms, with surrounding values, and the fact will be as evident to you.

But we are going to partially remedy this, as the price of every lot unsold Sept. 1 will be raised \$25. But, even then, at the advanced price, you will be getting in nearer the ground floor than on many other similar propositions.

Prices now \$90 to \$200

Terms, \$10 cash and balance \$5 per month.
